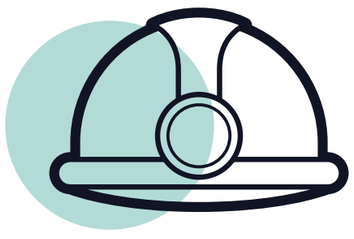
PERSONAL

Protective Equipment



HEAD PROTECTION

HARD HATS

Hard hats provide protection from head impact, penetration injuries, and electrical injuries.

EYE & FACE PROTECTION

FACE MASKS, GOGGLES, RESPIRATORS

When needed, eye and face protection helps to shield the face and eyes from potential hazards such as metal and sawdust. Respirators may also need to be used if in the presence of harmful dust, gas, smoke, fumes, sprays etc.

HEARING PROTECTION

EAR PLUGS AND EAR MUFFS

Hearing protection is often necessary on work sites to prevent hearing damage and to block out the sounds of a noisy work environment.

BODY PROTECTION

HIGH VISIBILITY CLOTHING, SAFETY HARNESS, AND SUNSCREEN

It's important to wear the appropriate clothing to protect yourself from heat, radiation, hazardous materials or waste. It is especially important to wear high visibility clothing when working in dangerous spaces and safety harnesses when working with heights.

HAND PROTECTION

GLOVES

Gloves help to minimise injuries that can occur such as cuts, lacerations, abrasions, chemical burns and thermal burns. They also help to prevent harmful substances from absorbing into the skin.

FOOT & LEG PROTECTION

BOOTS, SAFETY SHOES, AND FOOT GUARDS

Foot and leg protection can help prevent injuries from sharp objects, falling or rolling objects, molten metals, electrical hazards and slippery surfaces.

WE'RE IN THE BUSINESS OF SAVING LIVES.
Hero HQ is revolutionising first aid training for the better.
